### Public Participation:

A. Justin & Amber Niese, 1501 Road 15, Leipsic, OH 45856

Asking the school to work with them and not against them and thanked the board for the meeting today. No real options for Behavior Therapy in the county, and lost the trust in the County ESC. The process to get help has been difficult. OT, PT and speech are therapies offered so why is ABA therapy not offered? Goal for son's future in employment and independence. Do not expect the teachers and aides to be behavior specialist. Would you trust the Putnam County ESC over the Nationwide Children's Hospital. There is a plan in place and a plan for phase-out.

B. Nichole Tripp, 12-170 Road A, Leipsic, OH 45856

- Amber's sister and owner of Bright Horizons Preschool in Miller City where Abem attends. Has continued training in Applied Behavior Analysis. Addressed many concerns Miller City administrators have had and assured the technician role would be handled well. Intense therapy can only be given by the Behavior technician. Very important to have Abem in the typical classroom and have the technician available during this time.

C. Dr. Alicia A. Mrachko, Program Coordinator, Applied Behavior Analysis Program

Bowling Green State University, Bowling Green, OH 43403

- She does research with children with Autism and now consults with schools in Northwest Ohio for students with Autism. Applied Behavior Analysis is prescribed throughout the United States. The Registered Behavior technician are certified and have Bachelors degrees and specialized training. Interaction, living skills and behavior skills are reinforced for the student.
